

NEW!

CONVERSION KIT SLIDING WINDOW

IDEAL FOR REFITTING PROJECTS

READY-TO-INSTALL

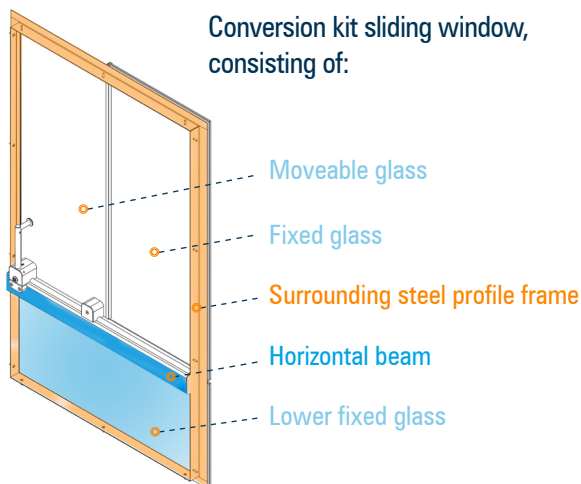

NO WELDING NECESSARY

marine glazing - Ideas in Glass®

KEY FACTS

- Existing full-size window position can be easily exchanged by the conversion kit sliding window.
- Ideal for refitting projects due to fast installing possibility.
- **DELIVERY:**
We deliver the surrounding steel profile frame including the horizontal beam which fits to the individual size of the refit position.
All glasses are already installed into the steel frame.
So the complete sliding window element is ready to place in the cut out.
- **INSTALLATION:**
Screwed and glued into the ship cut out and sealed.
